Classic®
Denture Teeth

Everyone deserves the best denture they can afford. So, even for patients on a tight budget, a great looking denture is still possible. Classic Ultra Value denture teeth offer natural-like aesthetics, a wide selection of moulds and the most popular shades.

Classic® 10° Posteriors

F30 Classic

X = 30.00
U = 8.60
L = 8.30
Y = 34.00

F32 Classic

X = 32.00
U = 8.70
L = 9.30
Y = 33.60

F33 Classic

X = 33.00
U = 9.50
L = 9.70
Y = 35.00

Classic® 20° Posteriors

29M Classic

X = 29.00
U = 8.50
L = 9.30
Y = 32.90

29L Classic

X = 29.00
U = 8.40
L = 9.40
Y = 33.10

31M Classic

X = 31.00
U = 9.10
L = 10.00
Y = 35.10

31L Classic

X = 31.00
U = 8.90
L = 9.80
Y = 35.50

33M Classic

X = 33.00
U = 9.30
L = 10.40
Y = 37.40

X = The average width of a 1x4 set of upper posteriors; Y = the lower posteriors. U = The average depth of the upper left first molar; L = the lower left first molar.

LS indicates Long Buccal-Short Lingual moulds.

All dimensions in mm. Images scaled to size.
Denture Base

Lucitone® HIPA
High Impact Pour Acrylic

Lucitone HIPA is a high impact pourable acrylic denture base. It exceeds the ISO standards for impact resistance. Lucitone HIPA is a self-curing denture base material designed for use in fabrication, repair, rebasing, or relining of full and partial dentures including implant overdentures or other dental appliances. It is available in shades: Original, Light, Light Reddish Pink, Dark Pink, and Original Opaque.

Lucitone® FRS®
Flexible Dental Resin

Lucitone FRS Flexible Denture Resin is a temporary thermoplastic injectable resin that offers customizable flexibility, high impact resistance and transparency, delivering aesthetic removable partial dentures and clear or colored clasps.

• Semi-crystalline nylon composition for improved color stability and stain resistance. Provides aesthetics.
• Easy to finish and polish due to the microcrystalline structure. Saves time.
• Monomer – and metal-free. Non-irritating.
• Available in original, light pink, light reddish pink, dark pink and clear shades. Aesthetic shade options.
• Clear shade for fabrication of clear clasps, occlusal splints, and night guards. Offers greater versatility.
• Available in three (3) cartridge sizes: small, medium and large. Adapts to laboratory needs.

Classic® Anterior and Posterior Shades*:

REF 905600

* The A1-D4 designations correspond to the VITA classical A1-D4* shade guide which is meant to be a guide, not a match. VITA classical A1-D4 is a registered trademark of VITA Zahnfabrik H. Rauter GmbH & Co.KG
Introducing Smart Cabinet Technology

Simplify your inventory management. Scan barcode and reorder Dentsply Sirona teeth through your preferred distributor on a mobile device. Download the app today on iOS and Android. You can now scan your cabinet and reorder Dentsply Sirona tooth cards with ease.

1. Download
Go to iTunes or Google Play and download the Lab Smarter App on your iPhone or Android device.

2. Sign up
Complete the one-time registration and wait for the email confirmation. Sign into the app using your user name and password.

   a) If you are a Dentsply Sirona distributor, check the box at the bottom to gain access to the customer management mode.

3. Snap. Tap. Smile
Now scan your cabinet and reorder Dentsply Sirona teeth through your preferred dealer.

Scan Order
Quickly scan barcodes in your tooth cabinets to reorder Dentsply Sirona tooth stock with the push of a button.

Notification
Receive exclusive promotions through this portal as well as updates and news. Check back often for the latest notifications.

Order History
Review orders submitted through the Lab Smarter® app. See past orders down to the mould and shade. Past orders can be printed for your records.

How it works
Step-by-step instructions for using this app.

Contact my Dentsply Sirona Representative
A digital business card to call, text or email your local Dentsply Sirona sales representative.

Take control of your tooth stock in 3 easy steps:
