

# The Dentsply Sirona Global Clinical Case Contest

## National & Regional Contests

until May 18, 2020

- Selection of national and regional winners, depending on number of universities per nation/region: one per nation or region, respectively.
- Winners will receive a prize, which varies from country to country.
- All winners are qualified for the Global Final.

**The Dentsply Sirona Global Clinical Case Contest (GCCC)** features aesthetic case studies. Since its inception in 2004, more than 3,900 dental students have participated, with the 2018-2019 competition drawing a total of about 1242 entries from 134 universities.

Dental undergraduate and graduate students, with less than 2 years of clinical practice, are invited to participate (repeated participation excluded) by documenting a patient case with photographs and text.

A university should designate a tutor for its participants, and each university can submit up to three entries through its local Dentsply Sirona country organization.

A tutor can range from a dental faculty member to a post-graduate student. Their purpose will be to oversee the student's clinical case.

### Clinical Cases and Materials Used

Clinical anterior or posterior direct restorations are placed using the entire Dentsply Sirona restorative product line. The case must be photo documented and accompanied by text, and submitted in a standardized format provided by Dentsply Sirona.

All Dentsply Sirona products, required for fabricating cases, are available free of charge to participants.

For further information, or to register for the Dentsply Sirona GCCC please contact your local Dentsply Sirona organization.
