

2021: An Ultrasonic Odyssey

Wherever you are in your journey to returning ultrasonic debridement to your practice; the following virtual learning is aimed to inform your decisions for its safe, effective, efficient use.

Are you interested in smaller, more personalized learning with more opportunities to engage with the presenter and your peers? Check out the workshops that limit attendance to just 20 participants.

Dani Botbyl, RDH

[@dani.ultrasoniccoach](#)

Dani Botbyl is an educator, author and researcher. Her journey as registered dental hygienist began over two decades ago where the use of HVE alongside ultrasonic procedures sparked a career dedicated to teaching the same skills to others. Dani is now leading authority in ultrasonic education and serves as the National Clinical Educator with Dentsply Sirona Canada. Dani has developed and presented evidence-based educational programs specific to ultrasonics and aerosol management to dental hygiene students, pre- and post-doctoral dental students, faculty and practicing clinicians nationally and internationally. She has published numerous articles in industry and peer-reviewed journals. Current research interests include

educational preparedness of dental hygienists for ultrasonic instrumentation. Contributions to this body of evidence are now guiding new teaching methods used by educators globally. Dani's dynamic presentation style coupled with clinically relevant topics and a passion for enhancing the practice of dental hygiene creates learning experiences that aren't to be missed!
