

# Dentsply Sirona's Implant Solutions World Summit 2023: Register now for cutting-edge implant science and innovation

**Registration is now open for Dentsply Sirona's Implant Solutions World Summit 2023, taking place in Athens, Greece, from June 8 to 10, 2023. The congress will feature more than 40 international speakers, with inspiring main stage presentations, hands-on workshops, and break-out tracks on topics such as esthetics and the digital dentistry ecosystem. Implant professionals are now invited to register for the event online and benefit from special early bird congress rates.**

**Charlotte/ Mölndal, January 11, 2023.** The Implant Solutions World Summit brings together professionals who are passionate about elevating the dental industry and improving the quality of implant treatments and care for patients. Attendees will be able to discover the latest innovations in implant solutions, including the EV Implant Family, digital dentistry, and bone regeneration. The congress will take place at the InterContinental Athenaeum Athens hotel, close to Greece's famous Acropolis.

## The scientific program

The Implant Solutions World Summit will feature presentations from more than 40 world-renowned experts in implant dentistry, who will share best practices, expertise, and insights.

Attendees will learn about managing implant complications, the connections between systemic and oral health, maximizing esthetics, controlling risk factors, maintaining peri-implant health, and more. The program is developed together with the Scientific Chairs – Dr. Tara Aghaloo, USA, and Dr. Michael Norton, UK – and the Program Chairs – Steve Campbell, UK; Dr. Malene Hallund, DK; Dr. Mark Ludlow, USA; Dr. Stijn Vervaeke, Belgium; and Dr. Martin Wanendeya, UK.

“Peer to peer education is vitally important for our Implant Solutions community and we are thrilled to bring implant professionals together from around the world to explore the latest innovations and science transforming implant dentistry” said Tony Susino, Group Vice President, Global Implant Solutions at Dentsply Sirona. “The event promises to be an inspirational opportunity for learning and networking as we glimpse into the future of implant dentistry and optimized patient care.”

## Innovative implant solutions and digital workflows

Attendees at the Implant Solutions World Summit 2023 will also be able to visit an interactive exhibition and sign up for exciting master class workshops to learn more about Dentsply Sirona's products, solutions, and workflows, including:

## About Dentsply Sirona:

Dentsply Sirona is the world's largest manufacturer of professional dental products and technologies, with over a century of innovation and service to the dental industry and patients worldwide. Dentsply Sirona develops, manufactures, and markets a comprehensive solution offering including dental and oral health products as well as other consumable medical devices under a strong portfolio of world class brands. Dentsply Sirona's products provide innovative, high-quality, and effective solutions to advance patient care and deliver better and safer dental care. Dentsply Sirona's headquarter is located in Charlotte, North Carolina. The company's shares are listed in the United States on NASDAQ under the symbol XRAY.

Visit [www.dentsplysirona.com](http://www.dentsplysirona.com) for more information about Dentsply Sirona and its products.

- Dentsply Sirona's premium implant portfolio: DS PrimeTaper Implant System, DS OmniTaper Implant System and Astra Tech Implant System
- OSSIX regenerative solutions
- DS Signature Workflows for single-tooth, partial and full-arch restorations
- The cloud-based DS Core platform for improved practice efficiency
- Practice building and social media

Dr. Marco Degidi, inventor of WeldOne and Conometric concepts, will also be leading a session on 'Esthetic Excellence Meets Digital Connectivity' using the Ankylos implant system.

"We are excited for the implant community to experience the latest innovations first-hand as we gather in Athens to learn from each other and be inspired by the latest research in implant dentistry," said Dr. Tara Aghaloo, Scientific Chair of the Implant Solutions World Summit and a Professor in Oral and Maxillofacial Surgery at the UCLA School of Dentistry.

"Dentsply Sirona continues to lead the way when it comes to implant dentistry, with state-of-the-art implant systems and seamless workflows," added Dr. Michael Norton, Scientific Chair of the Implant Solutions World Summit and Adjunct Clinical Professor at the University of Pennsylvania Dental School.

In addition to world-leading clinical education, attendees at the Implant Solutions World Summit also have the chance to network with peers for two evening events – an opening night welcome reception, as well as a networking dinner by the Aegean Sea on Friday evening.

Early- bird registration for the Implant Solutions World Summit is available until March 19, 2023.

**International Dental Show 2023: Dentsply Sirona “United for better dentistry”  
from March 14-18, in Cologne**

This year marks the 40th edition of IDS and at the same time celebrates its 100th birthday. Of course, Dentsply Sirona will be there! The IDS brings together dental professionals from around the world for a week of networking in person, new and innovative product showcases, and a look at current trends and research results.

Dentsply Sirona’s entire product portfolio with its digital universe at its heart will be on display at its spacious new booth in hall 11.2 with live-stage program and several other highlights. All Dentsply Sirona’s activities will be tied to the theme “United for better dentistry” – recognizing the power of even more connection, collaboration, and partnership to move the industry forward and improve oral health globally.

Dentsply Sirona will implement a number of sustainability measures to reduce its footprint for the event, in line with the goals set out in its BEYOND sustainability strategy.
