	Predictable digital workflows from single tooth to full arch treatment
	Pig jaw course Implant site preservation and development for increased efficiency and improved clinical outcomes
WELCOME RECEPTION	

FRIDAY June 14, 7.30 AM–5.30 PM

7.30–8.30 AM	Breakfast	
8.30–10.15 AM	Top destinations in implant dentistry Inspired by truly phenomenal places and the various ways to get there, we know that great dentistry is equally inspiring. Let's experience the excitement and fulfillment of implant dentistry excellence through truly remarkable case presentations. Together we will explore what truly great dentistry looks like, what it means to the patient and what it takes to get there.	
10.15–10.30 AM	News & Facts TALKS Get the latest news and facts from the world of implant dentistry in the equivalent of speed dating—15 minutes full of excitement and inspiration.	
10.30–11.00 AM	Coffee break	
11.00 AM–12.00 PM	Journey to implant treatment success The best journey does not always follow the envisioned path. The implant treatment journey is no different with unexpected detours and surprises. What is dental implant success, how do we view success through the eyes of the patient, and what can we do to make the patient experience journey successful, positive and memorable. Let's discover how dentists find alternative routes and the smooth road to implant success.	
12.00–12.30 PM	Battle #1—Biomaterials vs implant selection Get ready for a battle, with two speakers debating one hot clinical topic. Who's right, who's wrong? It's your decision, your vote, your voice—the countdown is on, place your bets now.	
12.30–1.30 PM	Lunch break	
1.30–2.30 PM	The importance of DNA in implant design Let's look at the importance of history, design and the common DNA of dental implants, and how these elements contribute to long-term function, and esthetics—always with science, nature and biology in mind, and always with a passion for progress.	Implant complications and esthetic results Complications in implant dentistry are an inevitable clinical reality. Imagine a patient with a failing implant in the esthetic zone—how do we manage the complication, can we solve the initial problem, and can we prevent this from happening in the first place?
	Parallel sessions	Parallel sessions
2.45–3.45 PM	Oral health and the role of the patient The mutual dependence of systemic and oral health is well known and requires holistic thinking. Using a multidisciplinary approach to diagnosis and treatment planning provides better understanding to meet the needs of the patient and deliver a successful end result.	Practice management Growing the business and the practice is key to long-term success, both for the dentist and current and future patients. The roads to successful practice growth can be the digital journey, the referral network, and long-term sustainability.
	Parallel sessions	Parallel sessions
3.45–4.15 PM	Coffee break	
4.15–5.30 PM	The virtual journey How do we provide implant treatment to more patients? The answer is simple—digital dentistry. With digital dentistry, we can define the final desired result and plan the treatment needed to achieve it. In the new digital universe, discover the expanded solutions that digital connectivity provides and see the transformation of the patient journey.	
NETWORKING EVENING		

SATURDAY June 15, 8.00 AM–3.00 PM

8.00–9.00 AM	Breakfast	
9.00–10.00 AM	The Monday morning patient You had a great weekend, you wake up on Monday morning, refreshed and ready for your work week. You arrive at your practice and there he is—the unknown patient that you had not planned for. Join the journey from initial assessment through planning and treatment illustrated by interactive and dynamic case presentations involving clinical and medical decisions, hosted by a panel of experts.	
10.00–10.15 AM	News & Facts TALKS Get the latest news and facts from the world of implant dentistry in the equivalent of speed dating—15 minutes full of excitement and inspiration.	
10.15–10.45 AM	Battle #2—Is implants for life possible? Get ready for a battle, with two speakers debating one hot clinical topic. Who's right, who's wrong? It's your decision, your vote, your voice—the countdown is on, place your bets now.	
10.45–11.15 AM	Coffee break	
11.15 AM–12.15 PM	Preventing peri-implantitis for long-term peri-implant health Today we are treating younger patients with dental implants and the meaning of 'lifelong' has changed significantly. How can we maintain peri-implant health over decades and what can we promise our patients? Let's learn from the literature, consensus meetings, and practicing clinicians.	Don't try this at home Everyone has a patient case that didn't turnout as planned. Every dental professional has a skeleton in their closet and now it will be revealed. We will discuss worst cases and we need your expertise and help—how would you act in these situations?
	Parallel sessions	Parallel sessions
12.25–12.40 PM	News & Facts TALKS Get the latest news and facts from the world of implant dentistry in the equivalent of speed dating—15 minutes full of excitement and inspiration.	
12.40–1.30 PM	Creating the future together The future is a continuous journey led by our shared passion for implant dentistry and a commitment to science, documentation, education, innovation, and quality of life. Before we go back home, inspired to do even more for the patients that need our help, committed to working even smarter together with our teams, let's look at how we can create the future together.	
1.30–3.00 PM LUNCH & NETWORKING AFTERNOON		

Inspiration Hub

Let's meet at the point where inspiration, knowledge and passion come alive in implant workflows and solutions—the Inspiration Hub. Network with peers and friends, listen and learn from product experts and experienced colleagues, and discover the latest innovations in implant dentistry.

Networking evening Sail Away Miami

After an agenda full of inspiring lectures, heated discussions, and eye-opening moments, end your great day with an exceptional networking evening with colleagues and friends.

Join us onboard the Seafair and sail around Biscayne Bay while enjoying great food, local drinks, and the stunning Miami skyline. Take in the summer heat and the magical sunset on deck or admire the spectacular view through the panoramic windows—it will be an exclusive adventure and a memorable evening.

Friday, June 14
