Experience the future of connected dentistry

Germany 2026

Agenda

Friday March 13, 2026

Time	Implantology		Endodontics, Direct and indirect restorations	Aligner treatment	Digital impressions, CAD/CAM, X-ray, 3D printing	Lab	Overall topics
8:30	Admission / Registration / Product exhibition / Networking						
9:15	Immediate implantation for severe hard and soft tissue defects <i>Prof. Dr. Robert Nölken, M.Sc.</i> 1 CE credit		Endo emergency – and then? From digital diagnosis to initial treatment <i>Prof. Dr. David Sonntag</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	WORKSHOP Systematic, efficient workflows – IPR, attachments & photo art <i>Dr. Alina Lazar</i> <i>Dr. Franziska Tole</i> 2 CE credit for lecture + 1 CE credit hands-on training + 1 CE credit for learning success assessment	WORKSHOP Scan...and then? – The versatility of digital processes <i>Dr. Ariane Schmidt</i> <i>Dr. Verena Freier</i> 2 CE credit for lecture + 1 CE credit hands-on training + 1 CE credit for learning success assessment	PrimeLab Network meeting – for members only	Cloud diagnostics – speed, precision, and clarity in practice <i>Claudia Wittig</i> <i>Dentsply Sirona CAD/CAM Specialist, DT</i>
10:00	Coffee break / Product exhibition / Networking						
10:30	Digital workflows in implantology for planning, surgery, and prosthetics – the possibilities in everyday practice <i>Dr. Mischa Krebs</i> 1 CE credit		Upgrading smiles – composite finish after aligner therapy <i>Dr. Britta Hahn</i> 1 CE credit for lecture + 1 CE credit for learning success assessment			PrimeLab Network meeting – for members only	Discover new opportunities with CEREC <i>Norman Berg</i> <i>Dentsply Sirona CAD/CAM Specialist, DT</i>
11:15	Coffee break / Product exhibition / Networking						
11:45	Planning the future – tracking success: Digital tools in practice <i>Prof. Dr. Christian Mertens</i> 1 CE credit	Management of alveolar ridge defects after extraction: solutions adapted to the defect morphology <i>Prof. Dr. Anton Friedmann</i> 1 CE credit	Sealer and reciprocating instrumentation – an insight into science & practice <i>Prof. Dr. Gustavo De Deus</i> Lecture with simultaneous translation 1 CE credit	Improved success in practice with reduced chair time: efficiently expanding the range of treatments with aligners <i>DDS Romy Herget</i> 1 CE credit	Putting cloud native and wireless scanning to the test: How accurate are the new intra-oral scanners? <i>Univ.-Prof. Dr. Maximiliane Schlenz-Helmke</i> 1 CE credit	PrimeLab Network meeting – for members only	
12:30	Lunch / Product exhibition / Networking						
13:30	Opening / Plenary lectures						
15:30	Coffee break / Product exhibition / Networking						
16:00	Creating a solid base, shaping the future – current concepts for augmentation <i>PD Dr. Dr. Keyvan Sagheb, M.Sc., M.Sc.</i> 1 CE credit	WORKSHOP Practice match – implant dentistry & aligners in digital interaction <i>DDS Idris Najafi + DDS Jasen Amiri</i> 1 CE credit for lecture + 1 CE credit hands-on training + 1 CE credit for learning success assessment	Endo or not? When it still makes sense to preserve vitality <i>PD Dr. Dan-Krister Rechenberg</i> 1 CE credit Vortrag + 1 CE credit for learning success assessment	Biomechanics in the use of Orthodontic Aligners <i>Dr. Teresa Cobo</i> Lecture with simultaneous translation 1 CE credit	Work efficiently, treat smartly – the cloud (native scanner) as key technology <i>Dr. Ariane Schmidt</i> 1 CE credit	D printing in the digital lab: innovation meets service culture <i>DT Robert Absmanner</i> 1 CE credit	Focused instead of random: How to attract the right patients to your practice <i>DDS Sevim Canlar Özbek</i> 1 CE credit for lecture + 1 CE credit for learning success assessment
16:45	Coffee break / Product exhibition / Networking						
17:15	Restoration concepts for the edentulous jaw: digital workflows and customised suprastructures <i>Prof. Stefan Vandeweghe</i> Lecture with simultaneous translation 1 CE credit		In with efficiency, out with uncertainty – material competence in chairside workflows <i>DDS Romy Herget</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Aligners in pre-prosthetic preparation: the key to long-lasting dentures <i>Dr. Alina Lazar</i> 1 CE credit	Consulting without selling – with clear, understandable information for treatment acceptance <i>Dr. Verena Freier</i> 1 CE credit	Rethinking all-ceramics: aesthetics, cost-efficiency, and digital networking in harmony <i>DT Inga Potoczna</i> <i>DT Christoph Strauch</i> 1 CE credit	Shaping the future of digital dentistry <i>Claudia Wittig</i> <i>Dentsply Sirona CAD/CAM Specialist, DT</i>
18:00	Product exhibition / Networking						
19:30	Networking event						

NOTE: All courses are held in German or, in a few cases, are simultaneously translated into German.

Experience the future of connected dentistry

Agenda

Saturday March 14 2026

Time	Implantology		Endodontics, Direct and indirect restorations	Aligner treatment	Digital impressions, CAD/CAM, X-ray, 3D printing	Lab	Overall topics		
8:30	Admission / Registration / Product exhibition / Networking								
9:15	Scan & smile – step-by-step through implant dentistry with modern tools <i>Dr. Christopher Schmid, M.Sc. MBA</i> 1 CE credit	The modern era of prosthetics: improving long-term sustainability and patient satisfaction with digital abutment solutions <i>Dr. Mischa Krebs</i> 1 CE credit	100 implant challenge – from the first steps to routine <i>Dr. Marco Hosang Dr. Rasmus Sperber, M.Sc. M.Sc. MBA MKG Thilo Damaskos Ana Pereira</i> 1 CE credit	Direct Composite Restorations – Practical Tips & Tricks <i>Dr. Zsolt Dobrentey</i> Lecture with simultaneous translation 1 CE credit	Case or chaos? How to keep control with clear case selection <i>Dr. Franziska Tole</i> 1 CE credit Vortrag + 1 CE credit for learning success assessment	Success, efficiency, emotion – why every practice needs chairside procedures <i>DDS Romy Herget</i> 1 CE credit	Abutment milling – transforming your own designs into patient-specific abutments <i>Bernd Niedermaier Dentsply Sirona Group Product Manager</i>		
10:00	Coffee break / Product exhibition / Networking								
10:30	Fast, simple, connected: Implant dentistry and chairside prosthetics for modern patient care <i>DDS + MDT Mario Markiefka</i> 1 CE credit	100 implant challenge – from the first steps to routine <i>Dr. Marco Hosang Dr. Rasmus Sperber, M.Sc. M.Sc. MBA MKG Thilo Damaskos Ana Pereira</i> 1 CE credit	Clever use of CAD / CAM – avoiding mistakes, achieving excellence <i>Dr. Dirk Ostermann</i> 1 CE credit	Managing Skeletal Class II and III with Aligners <i>Dr. Teresa Cobo</i> Lecture with simultaneous translation 1 CE credit	Consulting without selling – with clear, understandable information for treatment acceptance <i>Dr. Verena Freier</i> 1 CE credit	Anatomical, aesthetic, adapted – customizing abutments <i>MDT José de San José González</i> 1 CE credit	Cloud diagnostics – speed, precision, and clarity in practice <i>Norman Berg Dentsply Sirona CAD/CAM Specialist, DT</i>		
11:15	Coffee break / Product exhibition / Networking								
11:45	Focusing on immediate restorations: Connecting concepts for the anterior and posterior region <i>Prof. Dr. Puria Parvini, M.Sc. M.Sc.</i> 1 CE credit	100 implant challenge – from the first steps to routine <i>Dr. Marco Hosang Dr. Rasmus Sperber, M.Sc. M.Sc. MBA MKG Thilo Damaskos Ana Pereira</i> 1 CE credit	New trends in reciprocating endo workflows <i>Dr. Christoph Zirkel</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Clicking, grinding, correcting: treating CMD cases with aligners <i>Dr. Franziska Tole</i> 1 CE credit	Seeing the unseen – diagnostics with a vision <i>PD Dr. Jörg Tchorz</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	From the Tyrolean Alps to the digital world – digital business requires analog knowledge <i>MDT Rene Gneist</i> 1 CE credit	Discovering new opportunities with CEREC <i>Claudia Wittig Dentsply Sirona CAD/CAM Specialist, DT</i>		
12:30	Lunch / Product exhibition / Networking								
13:30	Horizontal and vertical augmentation: integration of soft tissue techniques for excellent results <i>Dr. Thomas Hanser</i> 1 CE credit	100 implant challenge – from the first steps to routine <i>Dr. Marco Hosang Dr. Rasmus Sperber, M.Sc. M.Sc. MBA MKG Thilo Damaskos Ana Pereira</i> 1 CE credit	In with efficiency, out with uncertainty – material competence in chairside workflows <i>DDS Romy Herget</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Input & output – using the right communication to arrive at an individualized treatment plan <i>Dr. Simon Käch</i> 1 CE credit	Lean, fast, conclusive – the rocket workflow: aligners, veneers, and 3D printing <i>Dr. Sebastian Horvath</i> 1 CE credit	The digital dimension: denture manufacturing in a modern workflow <i>MDT Felix Paul Wright</i> 1 CE credit	DS Core: The central platform for chairside and labside <i>Norman Berg Dentsply Sirona CAD/CAM Specialist, DT</i>		
14:15	Coffee break / Product exhibition / Networking								
14:45	Added value, more impact: Why implant dentistry is now part of the basic treatment portfolio <i>Dr. Marco Hosang</i> 1 CE credit		Dental trauma: react quickly, treat correctly <i>Dr. Christoph Kaaden</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Aligners in pre-prosthetic preparation: the key to long-lasting dentures <i>Dr. Alina Lazar</i> 1 CE credit	Work efficiently, treat smartly – the cloud (native scanner) as key technology <i>Dr. Ariane Schmidt</i> 1 CE credit	Putting the “flow” into “workflow”: How to successfully transfer digital data between dental lab and dental practice <i>Marco Berndt Dentsply Sirona Implants Specialist, MDT Oliver Mütze Dentsply Sirona CAD/CAM Specialist, MDT</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Focused instead of random: How to attract the right patients to your practice <i>DDS Sevim Canlar Özbe</i> 1 CE credit	Employer Brand Dental Practice – What have we been doing wrong in dentistry for the past 30 years? <i>Dr. Paul Hadrossek</i> 1 CE credit	
15:30	Product exhibition / Networking								
16:00 bis 16:45	Integrating implant dentistry consultations in your practice schedule and gaining more time for essentials <i>Birte Christiansen</i> 1 CE credit		Upgrading smiles – composite finish after aligner therapy <i>Dr. Britta Hahn</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Billing with a bite – how to increase your practice success with aligners <i>Dr. Franziska Tole</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Dental practices undergoing transformation: Efficient practice processes with AI and cloud-based solutions <i>DDS + MDT Mario Markiefka</i> 1 CE credit	Digital lab services, smart charging: How to achieve efficiency down to the last digit <i>ZMV Kerstin Sahlhoff</i> 1 CE credit for lecture + 1 CE credit for learning success assessment	Safety in 3D printing is no coincidence – the development process behind Primeprint <i>Dr. Christoph Haufe Dentsply Sirona Product Development Engineer</i>	Success factors in recruiting for dental practices: Best practices from attracting applicants to successful hiring <i>Dr. Philipp Möhlmeier Alexander Bongartz</i> 1 CE credit
