# Congress program

Gothenburg, Sweden  
June 25–27, 2026

# Implant Solutions World Summit 2026

At the Implant Solutions World Summit, we come together as a community to advance and shape the future of implant dentistry.

We also come together to honor the groundbreaking beginnings of implant dentistry. Because more than 60 years ago, in this northern Scandinavian city, osseointegration was discovered and implant dentistry was born, changing millions of peoples' lives forever.

Join us in Gothenburg, Sweden, on June 25–27, 2026, for cutting-edge science and the latest news and innovations in implant solutions, digital dentistry and bone regeneration.

Enjoy the company of world-renowned speakers and colleagues, build your peer-to-peer network, and explore the exhibition featuring product experts and solutions specialists.

## CONGRESS PROGRAM

### THURSDAY June 25, 13:00–17:00

#### MASTERCLASS Lecture & Hands-on

<p><b>Management of peri-implantitis</b> Lecture &amp; Live treatment</p> <p><b>Speakers:</b> Tord Berglundh (SE), Jan Derks (SE), Carlotta Dionigi (SE), Anna Trullenque Eriksson (SE)</p> <p><i>In collaboration with the University of Gothenburg Sahlgrenska Academy</i></p> 
<p><b>Customized prosthetic solutions with Atlantis® manufacturing facility tour</b></p> <p><b>Speakers:</b> Steve Campbell (UK), Stefan Vandeweghe (BE)</p>
<p><b>Socket preservation – Pig jaw course</b></p> <p><b>Speaker:</b> Michele Perelli (IT)</p>
<p><b>Ridge augmentation – Pig jaw course</b></p> <p><b>Speaker:</b> Rodrigo Neiva (US)</p>

<p><b>Advanced protocols in guided surgery</b></p> <p><b>Speaker:</b> Tali Chackartchi (IL)</p>

### FRIDAY June 26, 7:30–17:30

7:30	Exhibition area opens
8:00   9:45	<p><b>Connecting the dots—driving efficiency and enhancing predictability for clinical success</b></p> <p>How do we leverage the available resources better in order to provide implant treatment to more patients in need? The answer is simple—digital and connected dentistry.</p> <p><b>Session chair:</b> Martin Wanendeya (UK) <b>Speakers:</b> Serhat Aslan (TR), Steve Campbell (UK), Mischa Krebs (DE), Mark Ludlow (US), Varisha Parikh (US)</p>
9:45	Coffee break
10:30   11:15	<p><b>Beyond collaboration—multidisciplinary approach to implant treatment success</b></p> <p>Bringing the right team together with seamless communication is essential to an efficient workflow and successful outcome.</p> <p><b>Session chair:</b> Marco Toia (IT) <b>Speakers:</b> Tiago Borges (PT), Ágata Carvalho (PT)</p>
11:15   12:00	<p><b>Your clinical expertise in action</b></p> <p>We need your expertise. Our expert panel has a tough challenge that requires your experience, ideas and knowledge.</p> <p><b>Session chair:</b> Michael Norton (UK) <b>Panelists:</b> Anne Benhamou (FR), Peter Gehrke (DE), Joe Schmidt (US), Stefan Vandeweghe (BE)</p>
12:00	Lunch break
13:00   13:45	<p><b>Full arch solutions—clinical approaches, indications and outcomes</b></p> <p>Discover the cornerstones of full arch therapy, applying different solutions for the same clinical indication.</p> <p><b>Session chair:</b> Anthony Bendkowski (UK) <b>Speakers:</b> Tali Chackartchi (IL), Mark Ludlow (US)</p>
13:45   14:45	<p><b>Beyond regeneration—factors for success</b></p> <p>Working with living host tissues and leveraging the right biomaterials can be a challenge in the quest for optimized dental implant treatment in a potential complex treatment process.</p> <p><b>Session chair:</b> Rodrigo Neiva (US) <b>Speakers:</b> Darko Bozic (CR), Beatriz de Tapia (ES), Azim Malik (UK)</p>
14:45	Coffee break
15:30   16:15	<p><b>Success or failure—avoiding pitfalls in diagnosis and treatment planning</b></p> <p>Knowing the patient diagnostically and understanding their expectations on the outcome provides a solid foundation that meets the needs and wants of the patient as well as your vision of a satisfactory outcome.</p> <p><b>Session chair:</b> Serhat Aslan (TR) <b>Speakers:</b> Andy Temmerman (BE), Daniel Thoma (CH)</p>
16:15   17:30	<p><b>Science meets clinical practice—bridging evidence and patient care</b></p> <p>Let's look at the evidence and literature and how it correlates to the everyday work in the clinic—is it possible to seamlessly merge evidence-based knowledge and clinical practice?</p> <p><b>Session chair:</b> Peter Gehrke (DE) <b>Speakers:</b> Chris Barwacz (US), Pablo Galindo Moreno (ES), Gustavo Avila Ortiz (US)</p>
20:00	NETWORKING EVENING

### SATURDAY June 27, 8:30–15:30

8:30	Exhibition area opens
9:00   9:45	<p><b>Unlocking the power of AI in your daily life</b></p> <p><b>Speaker:</b> Joerd van der Meer (NL)</p>
9:45   10:45	<p><b>Complications in implant dentistry—mechanical, biological, esthetic and iatrogenic</b></p> <p>Complications are unavoidable and come in many forms. Let's discuss the most common ones and how to treat them.</p> <p><b>Session chair:</b> Malene Hallund (DK) <b>Speakers:</b> Malene Hallund (DK), Mark Montana (US), Nadja Nänni (CH)</p>
10:45	Coffee break
11:15   12:15	<p><b>Peri-implantitis—prevent, treat or cure?</b></p> <p>A challenge for the most experienced dental professional, peri-implantitis has flustered dentistry for over 30 years and is debated in terms of etiology, incidence and standard of care.</p> <p><b>Session chair:</b> Jan Derks (SE) <b>Speakers:</b> Ana Castro (BE), Jan Derks (SE), Adrián Guerrero Segura (ES)</p>
12:15   13:00	<p><b>Heading for optimal esthetics</b></p> <p>How do we define optimal esthetic results? It's all about planning, techniques, biological factors and patient expectations—and it involves all members of the treatment team.</p> <p><b>Session chair:</b> Varisha Parikh (US) <b>Speakers:</b> Sergio Garcia Bellosta (ES), Nitzan Bichacho (IL)</p>
13:00   14:15	<p><b>The immediacy challenge—balancing technology, esthetics and biology</b></p> <p>The benefits of immediacy must be balanced with the clinical and long-term implications of the treatment process, with the patient's best interest and quality of life in focus.</p> <p><b>Session chair:</b> Lyndon Cooper (US) <b>Speakers:</b> Christian Mertens (DE), Stijn Vervaeke (BE), Martin Wanendeya (UK)</p>
14:15	LUNCH & NETWORKING

### World-leading implant community

The renowned international speakers and moderators at the Implant Solutions World Summit 2026 come from various fields in dentistry but they have one thing in common—a deep commitment to science, documentation and education.

Read more about our scientific program, speakers and moderators.

## Networking evening Made in Sweden

After an agenda full of inspiring lectures, heated discussions, and eye-opening moments, end your great day with an empowering networking evening with dental professionals from all over the world.

Join us for an evening of delicious food, beverages and music!

Friday, June 26

## Inspiration Hub Exhibition & Workflows

Let's meet at the point where inspiration, knowledge and passion come alive in implant workflows and solutions—the exhibition area. Network with peers, listen and learn from product experts and experienced colleagues, and discover the latest innovations in implant dentistry.
