

Lunch & Learn

Take an educational break in your day with Dentsply Sirona. Learn about new products and how to stay in CDC-compliant with handpiece maintenance and sterilization. And have the opportunity to receive free CE through a third-party educational service, compliments of Dentsply Sirona.

Are you in compliance with CDC sterilization guidelines?

- Review current CDC maintenance and sterilization recommendations on handpieces and low speed motors
- Discover how to easily avoid common maintenance and sterilization errors that can damage equipment
- Learn how to save significant handling time with sealed automated maintenance systems vs. manual maintenance
- Reduce cross contamination risk by documenting staff training on proper handpiece sterilization

To schedule your Lunch & Learn, please complete the back of this flyer or contact your Dentsply Sirona Specialist today!*

*The Physician Payment Sunshine Act requires US manufacturers of drugs, biological products, medical supplies, and medical devices covered under Medicare, Medicaid, or SCHIP to annually report "transfers of value", which includes gifts, meals, and travel, as well as financial compensation, to "covered physicians" - including dentists. Please note that these transfers of value are independent of whether any amount is considered taxable under the law. The Physician's Payment Sunshine Act merely requires that US medical device manufacturers report this information to the Centers for Medicare & Medicaid Services (CMS) so that it may be available to consumers for review. According to the terms of this law, the Dentsply Sirona Sales Representative is required to obtain your National Provider Identifier (NPI) and at least one state dental license number when providing food items during a Clinical Education E•Break to your office and staff. This information will allow Dentsply Sirona to properly document and report this transfer of value to the CMS. Please visit <http://www.policymed.com/physician-payment-sunshine-act/> - OR - <http://www.cms.gov/Regulations-and-Guidance/Legislation/National-Physician-Payment-Transparency-Program/index.html> for more information on these requirements.

Email form to

- YES, I would like to arrange an in-office Dentsply Sirona handpiece reprocessing review with the opportunity to receive 2 hours FREE CE on handpiece maintenance/ CDC guidelines.
