

Atlantis® Price List MAY 2023 - GBP

Atlantis® BridgeBase®

All the benefits of the patient-specific CustomBase Solution – now available for multiple unit cases. Cemented extraorally and with angulated screw access channels, conveniently place the finished restoration directly into your patient’s mouth.

Natural looks from advanced innovation

Tapered design with cement shoulders

Splinted framework with proven passive fit

Optimal positioning of the screw access channel up to 30°

Compatible with Cercon ht ML and other CAD/CAM materials

Hidden metal framework for life-like translucency

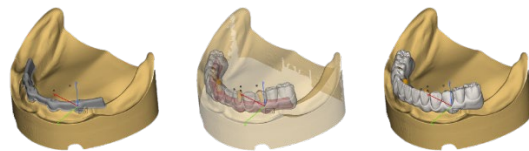

World-class additive manufacturing in titanium

Regulatory clearance in all markets where Atlantis suprastructures are available.

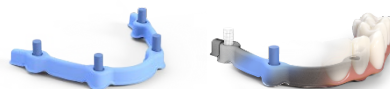

325 Number of compatible interface connections for all major implant systems*

*Compatible interfaces can differ by country. Please check with your local Sales representative **Dentsply Sirona Survey 2019. Data on file.

Atlantis Hybrid Thimble, CoCr AM	£217.50	£198.00	£169.00

Atlantis Bridge

Atlantis Bridge provides a full-anatomical base for ceramic or composite layering techniques.

Description	2 – 4 Implants	5 – 7 Implants	8 – 15 Implants
Atlantis Bridge, Titanium	£201.50	£177.50	£153.00
Atlantis Bridge, Titanium AM	£201.50	£177.50	£153.00
Atlantis Bridge, CoCr	£217.00	£198.00	£169.00
Atlantis Bridge CoCr AM	£217.50	£198.00	£169.00

Atlantis Superstructures fixed restorations: Additional options

Description	Price
High Gloss Surface	£69
Angulated Screw Access Per Connection	Free of charge
Atlantis Suprastructures Prosthetic Screw	£29
Atlantis Screwdriver – Angulated Screw Access (ASA) 18 mm / 24mm / 32mm	£73.50

Atlantis Superstructures

Atlantis 2in1

The Atlantis 2in1 is indicated for removable prostheses and provides primary and secondary suprastructures for a removable solution. The solution combines screw-retained stability with removable prosthetic convenience.

Description	2 – 4 Implants	5 – 7 Implants	8 – 15 Implants
Atlantis 2 in1 Bridge or Hybrid, Titanium	£355.50	£288.00	£268.50
Custom seating attachments	£16.50	£11.50	£6.50

Atlantis 2in1: Additional options

Description	Price
Duplicate 2in1 Hybrid Sleeve	£572.00
Angulated Screw Access Per Connection	Free of charge

Atlantis Bars

The Atlantis Bar is indicated for removable prostheses. It provides a suprastructure for removable dentures.

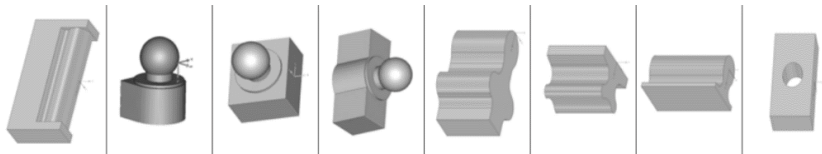

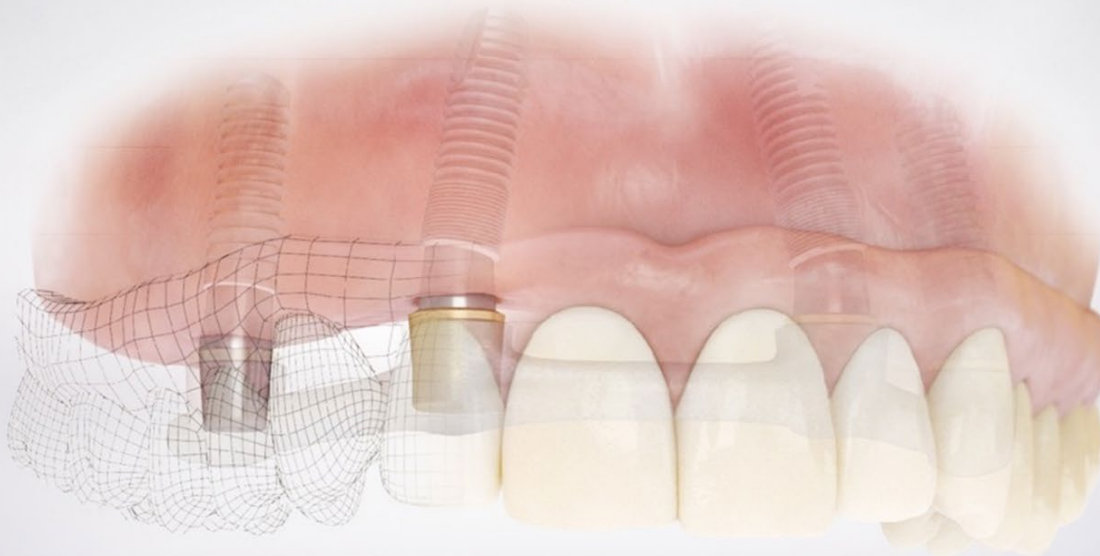

Description	2 – 4 Implants	5 – 7 Implants	8 – 15 Implants
Atlantis Bar, Titanium	£177.50	£159.00	£139.50
Atlantis Bar, CoCr	£221.50	£198.00	£174.00

Atlantis Superstructures removable restorations: Additional options

Description	Price
Angulated Screw Access Per Connection	Free of charge
Atlantis Suprastructures Prosthetic Screw	£29
Atlantis Screwdriver – Angulated Screw Access (ASA) 18 mm / 24mm / 32mm	£68

Please check 'Atlantis® suprastructures compatibility chart – attachment provisions and bar profiles' for a full list of compatible attachments

Atlantis Conus

Why choose between stability and easy maintenance?

Fully edentulous patients want both the stability of a fixed solution and the easier hygiene of a removable prosthesis. By providing the friction-retained, conometric retention of the Atlantis Conus concept, your clinical partners no longer need to compromise on a secure fit or simplified maintenance for their patients. Deliver innovation and precision with Atlantis Conus concept for all major implant systems. A little friction is a good thing.

Atlantis Conus Solutions

Atlantis Abutments

Atlantis® Core file

The Atlantis Core File with a screw access hole indicated can be ordered together with the Atlantis Abutment for crown production in the dental laboratory. Atlantis Core File (a digital file of the total case, including the outer surface of the Atlantis Abutment) is easy to import in the design software.

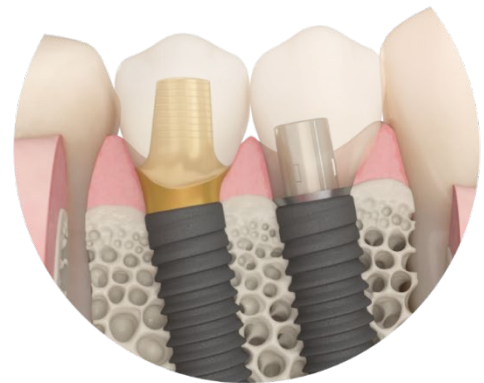

Customized emergence profile for enhanced soft-tissue management

A patient-specific transmucosal emergence profile from implant level to up to the marginal gingiva, is specifically important for cases with limited space and when esthetics is in focus.

Atlantis® CustomBase Solutions – challenging stock titanium-base components

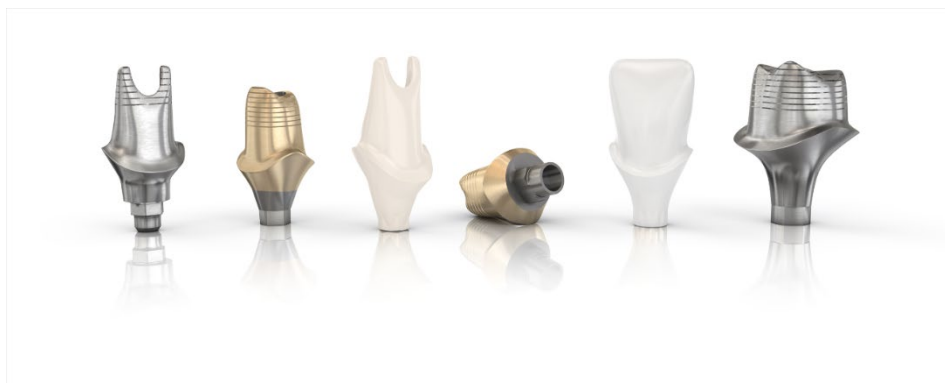

Atlantis CustomBase Solution is the first true patient-specific, two-piece screw-retained solution. The patient-specific solution comprises customized emergence profile for enhanced soft-tissue management, placement of material junction considering biological principles, patient-specific design of core height, optimized retention and design and flexibility of materials.

Terms & Conditions

- For returns the Customer arranges and pays for shipping to Dentsply Sirona in Mölndal, Sweden (abutments) and/or Dentsply Sirona in Hasselt, Belgium (suprastructures).
- Return shipping from Dentsply Sirona to customer is done by overnight shipping and the cost is included in the price. A Dentsply Sirona UPS account is available. If this service is used, it will be invoiced back to you as a Customer of Dentsply Sirona.
- All orders for Atlantis abutments are shipped with the corresponding abutment screw needed at no extra charge. If the material is changed from titanium to zirconia in a later order of an Atlantis Abutment, the crown needs to be remade.
- All Atlantis suprastructure prices are per implant or per piece except for high gloss surface which is per construction. Prosthetic screws are not included in the Atlantis suprastructures price.
- Prices in GBP. Effective from May 2023. Note: Price list is subject to change without prior written notice.
- For more information, contact your local Dentsply Sirona representative or our Customer Service team on 0845 450 0586.
